The Honorable Jerry Lewis, Ranking Member
House Appropriations Committee
1016 Longworth
Washington DC 20515

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Army Corps of Engineers, Construction account for the project called "Upper Mississippi River Restoration, IL, IA, MN, MO & WI." The entity to receive funding for this project is the U.S. Army Corps of Engineers, Rock Island District, located at Clock Tower Building, P.O. Box 2004, Rock Island, Illinois 61204-2004.. It is my understanding that the funding would be used to begin habitat rehabilitation along the Mississippi River and to implement measures to determine if enhancement projects are effective. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

W. Todd Akin

The Honorable David R. Obey, Chair
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H218, The Capitol
Washington, D.C. 20515

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for the Geographic Information System, East Baton Rouge Parish, Louisiana in fiscal year 2009. The entity to receive funding for this project is U.S. Army Corps of Engineers, located at 7400 Leake Avenue, New Orleans, LA 70118-3651. The funding would be used for updating GIS mapping system of land, property, and flood zone information with new aerial photography data. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

A handwritten signature in cursive script that reads "Rodney Alexander".

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy & Water Appropriations bill, Corps of Engineers, Construction for the Mobile Harbor, Alabama. The entity to receive funding for this project is the Corps of Engineers, which has been working in conjunction with the Alabama State Port Authority. The Alabama State Port Authority is located at P.O. Box 1588, Mobile, AL 36633. The contact for this project is James Lyons. He can be reached at 251-441-7107. To the best of my knowledge, the funding would be used for the construction of a turning basin in Mobile Harbor. I certify that this project does not have a direct and foreseeable effect on the financial interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Clemson University Cellulosic Biofuel Pilot Plant to be built in Charleston, SC. The entity to receive funding for this project is Clemson University, located at 300 Brackett Hall Box 5702, Clemson University, Clemson, SC 29634. It is my understanding that the funding would be used to construct and operate a pilot plant at a brownfield industrial site, to scale-up commercially viable technology for conversion of cellulosic feedstocks from the coastal plains to bio-fuels and other higher value products.. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on Congressionally directed spending, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

The Honorable Peter Visclosky
Chairman
Subcommittee on Energy and Water
House Committee On Appropriations
2362-B Rayburn HOB
Washington, DC 20515-0001

The Honorable David Hobson
Ranking Member
Subcommittee on Energy & Water
House Committee On Appropriations
2362-B Rayburn HOB
Washington, DC 20515-0001

Dear Chairman Visclosky & Ranking Member David Hobson:

I am requesting funding in the FY09 Energy and Water Appropriations bill for the University of Texas at Arlington, Center for Renewable Energy, Science and Technology (CREST) project. The entity to receive funding for this project is the University of Texas at Arlington, located at 701 South Nedderman Drive, Arlington, TX 76019.

The funding will be used for the necessary instrumentation and test bed projects to build state-of-the-art facilities at UT Arlington. This funding will enable CREST researchers to fully explore National energy objectives by studying (1) alternative energy technologies, including clean coal, biomass feedstock, solar photovoltaic devices, wind, and fuel cells; (2) cost-effective delivery of energy for both vehicles and electric power generation via optimal planning and management of hydrogen distribution and power grid integration; and (3) intelligent energy decision-making, including power monitoring, environmental, and economic issues.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Joe Barton
Member of Congress

Dear Chairman Visclosky:

I am requesting funding for the McCook and Thornton Reservoir project in the Fiscal Year 2009 Energy and Water Development, and Related Agencies Appropriations Act. The entity to receive funding for this project is the Metropolitan Water Reclamation District of Greater Chicago located at 100 East Erie Street, Chicago, IL 60611. The funding would be used to continue the ongoing design and construction of the McCook and Thornton Reservoirs to address the overwhelming water pollution and flooding problems of the Chicagoland combined sewer areas. Dear Chairman Visclosky:

I am requesting that the Committee provide \$4.0 million for technical assistance to Remedial Action Plans (RAP) Committees in the Fiscal Year 2009 Energy and Water Development, and Related Agencies Appropriations Act. This program authorizes the Corps of Engineers to provide technical support to states and local organizations in the development and implementation of RAP's. State and local agencies from 30 RAP's in Ohio, Illinois, New York, Michigan, Wisconsin, Minnesota, Pennsylvania, and Indiana have requested funding. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Visclosky:

I am requesting that the Committee provide \$6.75 million for the construction and operation of the electric dispersal barriers in the Chicago Sanitary & Ship Canal in the Fiscal Year 2009 Energy and Water Development, and Related Agencies Appropriations Act. Historically, the Great Lakes and the Mississippi River were separated naturally by a landmass, but since the completion of the Chicago Sanitary and Ship Canal, aquatic species can move freely between the two water systems. A temporary dispersal barrier (Barrier I) has been operating for nearly six years, and construction of a permanent barrier (Barrier II) will be completed this year. This funding will provide for the operations of both barriers and begin construction of the conversion of Barrier I into a permanent barrier as well as a feasibility study. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Ethanol from Agriculture for Arkansas and America** project in fiscal year 2009. The entity to receive funding for this project is the Arkansas State University located at P.O. Box 2760, State University, AR 72467. The funding would be used for the production of enzymes in a plant system that will lower the cost of ethanol production significantly. The Arkansas Biosciences Institute (ABI) located laboratory will lead an effort to bring together a skilled team that would bring this industry home to not only Arkansas, but to all agricultural areas in the US. An acre of rice straw could yield 270 gallons of ethanol. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$375,000 for Solana Beach-Encinitas Shore Protection Project. The entity to receive funding for this project is the City of Solana Beach located at:

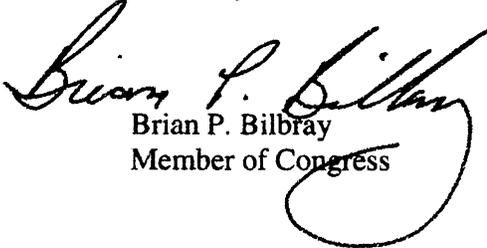

635 South Highway 101
Solana Beach, CA 92075

The coastline of Solana Beach and Encinitas is experiencing significant erosion, resulting in loss of beach width and undermining coastal bluffs. The beach project will allow a protective barrier between the bluffs and the open ocean.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I certify that neither I, nor my spouse, have any financial interest in this project.

I am requesting \$3 million for the Coastal Data Information Program (CDIP)/Southern California Beach Processes Study (SCBPS). The entity to receive funding for this project is Scripps Institution of Oceanography, University of California, San Diego located at:

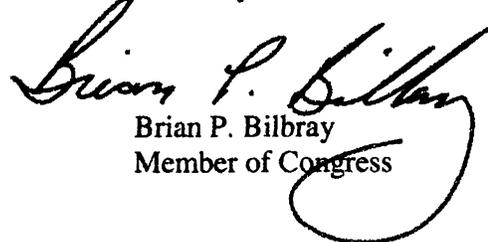

9500 Gilman Drive
La Jolla, CA 92093

The Southern California Beach Processes Study (SCBPS) monitors beach elevation, and disseminates this information to the coastal community at <http://cdip.ucsd.edu/SCBPS> where local governments and engineers use this data for making educated policy decisions for protecting and enhancing local beaches.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is Auburn University at 202 Samford Hall, Auburn, Alabama 36849. It is my understanding that the funding would be used to develop biofuel production methods which focus on non-food biomass that is both locally grown and renewable. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, it is my intent to place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

With kind regards, I remain

Dear Chairman Obey and Ranking Member Lewis:

This letter is to clarify the program name for the below request, thereby amending my March 19, 2008, member certification letter. I am requesting funding in the FY09 Energy and Water Appropriations bill, Corps of Engineers, Operation and Maintenance account for the U.S. Army Corps of Engineers, Scanning Hydrographic Operational Airborne LiDAR Survey Systems, National Coastal Mapping Program. The entity to receive funding for this project is the U.S. Army Corps of Engineers, Mobile District, National Coastal Mapping Program. It is my understanding that the funding would be used to operate the scanning hydrographic operational airborne LiDAR survey to update coastal mapping and charting along the Gulf Coast and will serve as part of a master program for U.S. emergency preparedness and response. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, it is my intent to place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Visclosky and Ranking Member Hobson,

I am requesting funding for the MidSouth/Southeast BioEnergy Consortium in fiscal year 2009. The entities to receive funding for this project are the University of Arkansas Division of Agriculture, 2404 North University Avenue, Little Rock, AR 72207; Arkansas State University College of Agriculture P.O. Box 1080, State University, AR 72467; and College of Agricultural and Environmental Sciences, University of Georgia, 101 Conner Hall, Athens, GA 30602. The funding would be used to help industry expand to commercial production of cellulosic ethanol, and to develop viable feedstock production and alternative uses for by-products. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is not directed to an entity or program that will be named after a sitting Member of Congress; is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for operations and maintenance for the Freshwater Bayou in fiscal year 2009. The entity to receive funding for this project is the US Army Corps of Engineers, New Orleans District, located at 7400 Leake Avenue, New Orleans, LA 70118. The funding would be used for operations and maintenance and to dredge two critical reaches to support the energy infrastructure along the Freshwater Bayou, LA, project. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

A handwritten signature in black ink, appearing to read "C. W. Boustany Jr.", with a stylized flourish at the end.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Lake Sam Rayburn—Twin Dikes Park for fiscal year 2009. The entity to receive funding for this project is the U.S. Army Corps of Engineers—Fort Worth District located at 819 Taylor Street, Fort Worth, Texas, 76102. The funding would be used to relocate a launching complex collapsed by erosion at the Twin Dikes Park. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) relates to a project named after former Speaker of the House Sam Rayburn by the 88th Congress in September 1963; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding for: **DE River Basin Commission Funding** in fiscal year 2009.

The entity to receive funding for this project is:

Delaware River Basin Commission

The funding will fulfill the federal obligation contained in the Delaware River Basin Compact (P.L. 87-328, Article 13, Section 13.3c) to support the DRBC's current expense budget. Activities to be funded include water quality protection, water supply allocation, flood loss reduction, drought management, watershed planning, permitting, and water conservation. The federal contribution was appropriated until October 1, 1996 when it was terminated in the FY 1997 Energy and Water Development Appropriations Act (P.L. 104-206); it has not been restored since that time contrary to the provisions contained in the 1961 statute.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Charleston Harbor, SC in Fiscal Year 2009. The entity to receive funding for this project is USACE - Charleston District, located at 69A Hagood Avenue, Charleston, SC 29403-0919. The funding would be used for Maintenance dredging of federal channel down to authorized level of 45 feet. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Additionally, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Henry E. Brown, Jr.

Development
2346 Rayburn
Washington, DC 20515

Dear Chairman Visclosky and Congressman Hobson:

As you consider appropriations for Fiscal Year 2009 for Energy and Water Development, I am respectfully requesting funding for the following project important to the Fourth Congressional District and the State of Indiana. I certify that neither I nor my spouse has any direct financial interest in this project.

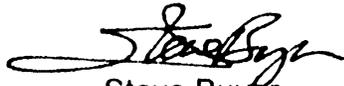

For over the last century, the cities of Lafayette and West Lafayette, Indiana, have worked in cooperation to improve the quality of life for area residents. Caring for the Wabash River has been a key component in their efforts. The Wabash River cuts between the dual cities, and is the most significant natural resource of the area. Over 183,340 Hoosiers call Lafayette and West Lafayette home, and need assistance in giving the river's ecosystem the attention it deserves. Local efforts to improve and care for the riverfront have been ongoing, earning both local and State support. Importantly, the Army Corps of Engineers (ACOE) has completed hydraulic and other studies on the river in Lafayette but more remains to be done.

Therefore, I would like to request \$100,000 for the Tippecanoe County Board of Commissioners (200 North 2nd Street, Lafayette, IN, 47901) to fund a Reconnaissance Study for the ACOE to determine the federal interest in the Central Wabash River Corridor Enhancement project. These funds would allow the ACOE to access the condition of the river and assist the local communities in developing a Master Plan that would investigate various development projects along the Wabash River. The project will incorporate information and data from the FY 06 and 07 Wabash River Hydraulic Studies and the in-progress Planning Assistance to States FY 08 corridor master plan project to develop an overall corridor master plan to guide future activity. The project will examine the level of federal interest in participating in a project to implement flood reduction management, initiate ecosystem restoration, and enhance recreation.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am hopeful the Subcommittee will look favorably on this funding request. If you have any questions, please contact Clare Cole on my staff at 225-5037.

Sincerely,

The Honorable David R. Obey, Chair
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H-218, The Capitol
Washington, D.C. 20515

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, Corps of Engineers, Construction Account for the Central West Virginia Environmental Infrastructure project. The entity to receive funding for this project is Corps of Engineers, located at Huntington, WV. The funding would be used to fund certified water and wastewater projects and is of great value to small communities with aging or inadequate water systems. *I certify that neither I nor my spouse has any financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is not directed to an entity or program named or will be named after a sitting Member of Congress; is not intended for a "front" or "pass through" entity; and meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Shelley Moore Capito

The Honorable David R. Obey, Chair
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H-218, The Capitol
Washington, D.C. 20515

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, Corps of Engineers, Construction Account for the Wells Lock and Dam Inland Navigation Improvement project. The entity to receive funding for this project is the Wirt County Commission, located in Elizabeth, WV. The funding would be used to upgrade of repair the Wells Lock/Dam. The Department of Natural Resources has attempted temporary repairs by filling old lock chamber with large stones, but this is considered a temporary repair. If the water pool established by the dam is lost, it will cause considerable erosion of river banks alongside the Town of Elizabeth, including Sportsman Park, schools, and various roadways. *I certify that neither I nor my spouse has any financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request is not directed to an entity or program named or will be named after a sitting Member of Congress; is not intended for a "front" or "pass through" entity; and meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY '09 Energy and Water Appropriations bill, Army Corps Investigations account, for the Delaware River Comprehensive, NY/NJ/PA/DE. The entity to receive funding for this project is the US Army Corps of Engineers located at The Wanamaker Building, 100 Penn Square East, Philadelphia, PA 19107. It is my understanding that funding will be used for an interim feasibility study to develop a flood analysis model and watershed flood management plan, and evaluate the existing flood warning system. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 appropriations for energy and water development and related agencies for the Large Scale Application of Single Walled Carbon Nanotubes. The entity to receive funding for this project is the University of Oklahoma, 660 Parrington Oval, Norman, Oklahoma 73019. It is my understanding that the funding would be used to fund research to further develop applications and products regarding the production of nanotubes, and will meet product requirements in terms of high purity at low cost, process scalability, and compatibility with regards to transparent conductive films applications. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

This certification is not meant to exclude an Executive Agency from engaging in a competitive process in determining the obligation of funds should it be required applicable laws or regulations.

Sincerely,

Tom Cole
Member of Congress

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 appropriations for energy and water development and related agencies for the OU Center for Biofuels Refining Engineering. The entity to receive funding for this project is University of Oklahoma, College of Engineering, 202 W. Boyd Street, Room 107, Norman Oklahoma 73019. It is my understanding that the funding would be used to develop technologies for improved, highly efficient processes for production of biomass-derived liquid fuels compatible with the existing fuels infrastructure. They will focus specifically on catalytic biomass gasification, solid catalytic processes for biodiesel production, catalytic biofuel refining, and fuel-engine compatibility. This will assist the state in utilization of the state's agricultural resources to provide environmentally improved fuels *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 appropriations for energy and water development and related agencies, for Oklahoma Lakes: Waurika. The entity to receive funding for this project is US Army Corps of Engineers, Tulsa District, 1645 S 101 E Avenue Tulsa, Oklahoma 74128. It is my understanding that the funding would be used to repair maintenance issues at the campground at Lake Waurika, resulting from flooding occurring in the summer of 2007, causing serious deficiencies which could lead to the closing of the recreational facilities due to public safety reasons. Additionally, funding is needed to undertake repairs to the dam embankment damaged by the fund. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Jacksonville Harbor project in fiscal year 2009. The entity to receive funding for this project is the **U.S. Army Corps of Engineers**, Jacksonville District, located at 701 San Marco Boulevard Jacksonville, FL 32207-8175. The funding would provide routine maintenance dredging to the federal shipping channel.

I certify that neither I nor my spouse has any financial interest (defined as a direct and foreseeable effect on our pecuniary interests) in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Energy and Water Appropriations bill, Department of Energy's Research and Development, Fuels and Power Systems account for the University of Wyoming. The entity to receive funding for the project is the University of Wyoming, located at 1000 E. University Avenue; Laramie, WY 82071. It is my understanding that this funding would be used for continued carbon dioxide sequestration research and the implementation of a monitoring, measurement and verification (MMV) study associated with sequestered CO₂. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Microgrids for Colonias project in fiscal year 2009. The entity to receive funding for this project is the Texas Engineering Experiment Station located at PO Box 35399, San Antonio, TX 78235-5399.

The funding would be used to continue the development of a prototypical alternative fuel hybrid generation system and its associated electrical distribution system (together known as a micro-grid) that can provide power to dwellings on a temporary basis until an electric grid connection can be made. Micro-grid generators would be right-sized for each micro-grid "cluster" of dwellings and provide additional data to increase the confidence of the economic analysis. The expansion of this project would take place in Webb County Colonias.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY2009 Energy and Water Development and Related Agencies Appropriations Act for University of Kentucky Strategic Liquid Transportation Fuels Derived from Coal. The entity to receive funding for this project is University of Kentucky, located at 234 Bowman Hall, Lexington, Kentucky 40506-0059. The funding would be used for the building, utilities, infrastructure and integration of existing slurry column reactor, to ensure that the University of Kentucky can continue research related to the production of liquid transportation fuels derived from coal. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress, (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Visclosky and Ranking Member Hobson,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Army Corps of Engineers, Construction account. The entities to receive funding for this project is the Maryland Department of Natural Resources, located at 580 Taylor Avenue, Tawes State Office Building, Annapolis, MD 21401; and the Virginia Marine Resources Commission, located at 2600 Washington Avenue, 3rd Floor, Newport News, VA 23607. It is my understanding that the funding would be used by the Army Corps of Engineers to design and build oyster reefs in the Chesapeake Bay. Activities include construction of oyster bars and reefs, rehabilitation of existing marginal habitat, and construction of oyster hatcheries. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Visclosky and Ranking Member Hobson,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Department of Energy, Science account. The entity to receive funding for this project is the George Mason University National Center for Biodefense and Infections Disease, located at 10900 University Blvd, MSN 1H8, Manassas, VA 20110. It is my understanding that the funding would be used to continue the National Center for Biodefense and Infectious Diseases (NCBDID) research initiative to develop medical defenses against biological agents, particularly those which can be used as either military or terrorist weapons. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey:

I am requesting funding for the Marine Renewable Energy Center project in fiscal year 2009.

The entity to receive funding for this project is the University of Massachusetts, Dartmouth, located at 285 Old Westport Road in North Dartmouth, Massachusetts 02747.

This project will create an in-ocean test site and renewable energy lab to research, demonstrate and validate marine renewable energy technologies. Creating this site and lab will greatly aid U.S. and international companies and research universities directly involved in marine renewable energy.

I certify that neither I nor my spouse has any financial interest in the project.

Sincerely,

William D. Delahunt

Dear Chairman Obey:

I am requesting additional funding for the Cape Cod Canal consisting of repairs of the Sagamore Bridge in Bourne, Massachusetts as well as repairs of a parking lot in fiscal year 2009.

The entity to receive funding for this project is the New England District of the Army Corps of Engineers, located at 696 Virginia Road, Concord, MA 01742.

The Sagamore Bridge is a major artery connecting Cape Cod to the mainland. This project will repair and maintain the existing bridge which it serves as a lifeline for Cape and Islands residents. It is also a major evacuation point in the case of a natural disaster. The project includes concrete deck repairs as well as work on an Army Corps parking lot.

I certify that neither I nor my spouse has any financial interest in the project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Photovoltaic Panel Installation in fiscal year 2009. The entity to receive funding for this project is Lehigh Valley Hospital, located at Cedar Crest and Interstate 78, P.O. Box 689, Allentown, PA 18105. The funding would be used to install 300 kW of photovoltaic (solar) panels on the roofs of multiple buildings at the Lehigh Valley Hospital campus in the City of Allentown and the Lehigh Valley Hospital Muhlenberg campus in the City of Bethlehem, PA. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on Congressionally Directed Projects, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the project; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this project be included in the bill, I will place a statement in the Congressional Record justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Energy and Water Development Appropriations bill, Office of Science, BER account. The entity to receive funding for this project is St. Thomas University, located at 16401 NW 37th Avenue, Miami Gardens, FL 33054.

The funding would be used for a continuation of the university's Minority Science Program and its commitment to attract top minority students to pursue a career in science and provide them with up-to-date laboratories, cutting edge curriculum, experienced professors and research opportunities. To this end, STU is constructing a state-of-the-art science facility, the Carnival Cruise Lines Science and Technology Building. The U-CORTE project will be located in the space vacated by the Department of Natural Sciences when it moves to the new building. It consists of establishing a university-community resource center and programs to stimulate and expand linkages between the University and local community partners. This partnership will address disparities in access to critical health, mental health and legal services in the low-income, minority communities of Miami Gardens and Opa Locka, which are adjacent to St. Thomas University.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Energy and Water Development Appropriations bill, Department of Energy, Science BER account. The entity to receive funding for this project is Barry University, located at 11300 NE 2nd Avenue, Miami Shores, FL 33161.

It is my understanding that the funding would be used to fund Phase II of the Institute for Collaborative Sciences Research which is intended to create a state-of-the-art research infrastructure through new laboratory and teaching space. The focus of the Institute will be to prepare minority leaders for future work in healthcare professions while facilitating important research that has a direct benefit on minority populations in my South Florida community.

Barry University is one of the largest independent universities in Florida. The university boasts a student body that is more than 60% minority and 42% are the first in their family to attend college.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for

matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Energy and Water Development Appropriations bill, Army Corps of Engineers, Construction account. The entity to receive funding for this project is Miami-Dade County, located at 111 NW 1st Street, Suite 1032, Miami, FL 33128.

It is my understanding that the funding would be used for dredging of the Miami Harbor at the Port of Miami which includes the design, preparation of plans and specifications for bidding. The Chief of Engineers has recommended the deepening project to 50 – 52 feet and Congress has authorized the project (Title I, Water Resources Development Act of 2007).

It is essential that the Planning, Engineering, and Design (PED) begin in FY09. Extended delay in the proposed dredging improvements could be detrimental to the economy of South Florida and the nation. Cargo growth at the Port of Miami has been phenomenally strong. However, the industry standard container ship is becoming larger, and the Port cannot handle the newer ships without deeper channels. In addition, the Port has been facing increasing competition from foreign ports with existing significantly deeper channels and faces lost business to foreign ports (such as Freeport).

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program

that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

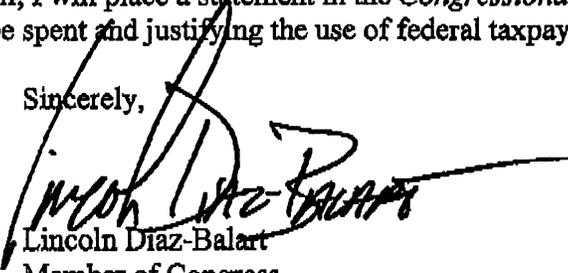

I write to respectfully request funding in the Fiscal Year 2009 Energy and Water Development Appropriations bill, Army Corps of Engineers, Investigations R&D account. The entity to receive funding for this project is Miami-Dade County, located at 111 NW 1st Street, Suite 1032, Miami, FL 33128.

The funding would be used for an ongoing feasibility study being conducted by the US Army Corps of Engineers and Miami-Dade County that examines the affect of canal and groundwater discharges on Biscayne Bay's hydrodynamics, water quality and ecology. This study will help determine the historic freshwater flows to Biscayne Bay and help to improve the ecosystem.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding for Everglades and South Florida Ecosystem Restoration in fiscal year 2009. The entity to receive funding for this project is the Seminole Tribe of Florida located at 6300 Stirling Road, Hollywood, FL 33024. The funding would be used continue work on a complex water conservation plan and canal that transverses the Seminole Tribe Reservation. The first phase of construction is complete and the second phase is under way, with the Tribe acting as the local cost-share sponsor. The Tribe and Army Corps signed a Project Coordination Agreement for the Big Cypress Reservation under the Corps critical projects program and as a result are building the first round of environmental restoration projects as part of the Comprehensive Everglades Restoration Act (CERP). The project is intended to improve the hydrology in the Big Cypress Basin in order to improve water quality, quantity, timing and distribution benefiting the ecology of the Reservation as well as Big Cypress National Park.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is Miami-Dade County, FL located at 111 NW 1ST St, Suite 1032, Miami, FL 33128. The funding would be used to begin the Miami Harbor Phase III dredging project authorized under the Water Resources Development Act of 2007. The project will deepen the Port of Miami to 50-52 feet in order to accommodate the larger container ships which are becoming the industry standard. Implementation includes design, preparation of plans and specification for bidding. Miami Harbor is a major economic force, accounting for over 98,000 jobs and \$12 billion in annual economic impact.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The entity to receive funding for this project is Miami-Dade County, FL located at 111 NW 1st St, Suite 1032, Miami, FL 33128. The funding is needed to implement the final phase of the Miami River Dredging Project, seeking to restore the authorized depth and width to the navigational channel. The project aims to remove contaminated sediments from the Miami River, which is Florida's 4th largest port with an economic value of \$4 billion. The River has not been dredged since it was originally dredged to be navigational in the 1930s. The dredging provides improve navigation as well as enhances the environmental quality of the River and Biscayne Bay.

Dear Chairman Peter J. Visclosky and Ranking Member David L. Hobson:

I am requesting funding for the Herbert Hoover Dike in fiscal year 2009. The entity to receive funding for this project is the Army Corps of Engineers, Jacksonville District, located at 701 San Marco Boulevard, Jacksonville, FL 32207-8175. The funding would be used to continue the Herbert Dike Rehabilitation project which is a component of the Central and Southern Florida Project which began with the Flood Control Act of 1948. The requested funding represents an increase from the President's budget request and is necessary to complete design of the land side features, continue construction of the cut-off wall in Reaches 1A and 1D, award multiple task orders for earthwork and landslide rehabilitation and initiate construction on Reach 1A for landslide rehabilitation.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Vicinity of Willoughby Spit, Norfolk, Virginia project in fiscal year 2009. The entity to receive funding for this project is the United States Army Corps of Engineers, located at 803 Front Street, Norfolk, VA 23510. The funding would be used to continue the General Reevaluation Study of the authorized project, including completion of plan formulation, coastal modeling, and field investigations to protect 7.3 miles of virtually unprotected residential area on the southern Chcsapeake Bay extending from the tip of Willoughby Spit near the Hampton Roads Bridge-Tunnel to the Federal navigation project at Little Creek Inlet.. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Norfolk Harbor and Channels (Deepening), Virginia project in fiscal year 2009. The entity to receive funding for this project is the United States Army Corps of Engineers, located at 803 Front Street, Norfolk, VA 23510. The funding would be used to update the existing Navigation Management Plan for Norfolk Harbor and to continue Pre-Construction Engineering Design (PED) for the next project in the Plan – deepening the main branch of the Elizabeth River and the Southern Branch Channels to their authorized depths of 45 and 40 feet, respectively. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Energy and Water Development appropriations bill, under the Bureau of Reclamation's Water and Related Resources Title XVI account for the Inland Empire Water Recycling project. The entity to receive funding for this project is the Inland Empire Utilities Agency, located at 6075 Kimball Ave. Chino, CA 91710. It is my understanding that the funding would be used for water recycling. I certify that this project does not have a direct and foreseeable effect on my pecuniary interests.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

A handwritten signature in black ink that reads "David Dreier".

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Energy and Water Development appropriations bill, under the Bureau of Reclamation's Water and Related Resources Title XVI account for the San Gabriel Basin Restoration Fund. The entity to receive funding for this project is the San Gabriel Basin Water Quality Authority, located at 1720 W. Cameron Ave., Suite 100, West Covina, CA 91790. It is my understanding that the funding would be used for ongoing cleanup of perchlorate contamination from groundwater supplies. I certify that this project does not have a direct and foreseeable effect on my pecuniary interests.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

Along with several of my colleagues, I am requesting funding for the Great Lakes Fish & Wildlife Restoration program in fiscal year 2009. The entity to receive funding for this project is the Army Corps of Engineers, Great Lakes and Ohio River Division, located at 550 Main Street, Room 10032, Cincinnati, Ohio, 45202. It is my understanding that the funding would be used to plan, implement, and evaluate projects supporting the restoration of the fishery, ecosystem, and beneficial uses of the Great Lakes. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress, (2) is not intended for a "front" or "pass-through" entity, and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in an appropriations bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

Along with several of my colleagues, I am requesting funding for the electric dispersal barriers on the Chicago Ship & Sanitary Canal in fiscal year 2009. The entity to receive funding for this project is the Army Corps of Engineers, Chicago District, located at 111 North Canal Street, Suite 600, Chicago, Illinois, 60606. It is my understanding that the funding would be used for operation of the existing barriers and construction and improvement of the temporary barrier. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress, (2) is not intended for a "front" or "pass-through" entity, and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in an appropriations bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Vernon J. Ehlers

Dear Chairman Obey and Ranking Member Lewis,

Along with several of my colleagues, I am requesting funding for remedial action plan technical assistance in fiscal year 2009. The entity to receive funding for this project is the Army Corps of Engineers, Great Lakes and Ohio River Division, located at 550 Main Street, Room 10032, Cincinnati, Ohio, 45202. It is my understanding that the funding would be used to help states and local communities plan and implement contaminated sediment remediation projects in Great Lakes Areas of Concern. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress, (2) is not intended for a "front" or "pass-through" entity, and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for an energy star-rated green roof in fiscal year 2009. The entity to receive funding for this project is City of Grand Rapids, located at 300 Monroe Avenue, NW Grand Rapids, Michigan 49503. It is my understanding that the funding would be used to evaluate and replace the existing roof of the City Government Building with a green roof system in order to save electricity and demonstrate to the community the benefits of green roofs. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Conference's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress, (2) is not intended for a "front" or "pass-through" entity, and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding in the FY09 Energy and Water Appropriations bill, Army Corps of Engineers, Operation and Maintenance account for the Woodruff Lock and Dam/Lake Seminole project. The entity requesting funding for this project is the Tri Rivers Waterway Development Association located at 630 East Broad Street, Eufaula, AL 36027 and project's address is 427 Eufaula Road, Fort Gaines, Georgia 39851. It is my understanding that the funding would be used for repairs to the Woodruff Bridge due to safety concerns. I certify that this project does not have direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Army Corps of Engineers, Operations & Maintenance account for the Appomattox River Federal Navigation Dredging Project. The entity to receive funding for this project is the Norfolk District of the Army Corps of Engineers, 803 Front Street, Norfolk, VA 23510. It is my understanding that the funding would be used to dredge the Appomattox River to restore the River's navigability. I certify that to the best of my knowledge, the project listed does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

J. Randy Forbes

Dear Chairman Obey and Ranking Member Lewis:

I am respectfully requesting funding for the Passaic River Basin Flood Management (Floodway Buy-out), NJ Project in the Fiscal Year 2009 Energy and Water Development Appropriations bill. The entity to receive funding for this project is the Army Corps of Engineers North Atlantic Division, located at Jacob K. Javits Federal Building, 26 Federal Plaza, Room 2109, and New York, NY 10278-0090. I certify that neither I nor my spouse has any financial interest in this project.

The funding would be used for the continued acquisition and removal from the State defined Floodway of approximately 800 homes along the Passaic River.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of taxpayer funds.

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, U.S. Army Corps of Engineers, Construction account for the Santa Maria Levees Project. The entity to receive funding for this project is the City of Santa Maria, located at 110 E. Cook Street, Santa Maria, CA, 93454-5190 and the US Army Corps of Engineers -Los Angeles District located at 915 Wilshire Blvd., Suite 980, Los Angeles, CA 90017. It is my understanding that the funding would allow the U.S. Army Corps of Engineers to begin to repair the levees so they may be certified against a 100-year flood. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

ELTON GALLEGLY

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, Bureau of Reclamation Water and Related Resources account for the Calleguas Municipal Water District Recycling Plant. The entity to receive funding for this project is Callaguas Municipal Water District, located at 2100 Olsen Road, Thousand Oaks, CA 91360. It is my understanding that the funding would be used to provide the 25 percent Federal share to continue construction of a congressionally authorized facility that will reclaim and reuse over 50,000 acre-feet of water annually. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

I support the President's request for funding for the major rehabilitation project currently underway at John H. Kerr Dam and Reservoir, VA and NC. The entity to receive funding for this program is the U.S. Army Corps of Engineers, Wilmington District, 69 Darlington Avenue, Wilmington, NC 28403. Funding for this project is included in the President's budget request. I certify that this funding would not have a direct and foreseeable impact on the pecuniary interest of me or my spouse.

To the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress, (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark, and (3) meets or exceeds all statutory requirements for matching funds where applicable. Should this request receive funding, I intend to place a statement in the *Congressional Record* describing, to the best of my knowledge, how the funds will be spent and justifying the use of federal funds.

Sincerely yours,

Virgil H. Goode, Jr.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Sims Bayou Federal Flood Control Project in fiscal year 2009. The entity to receive funding for this project is U.S. Army Corps of Engineers-Harris County Flood Control District, located at 9900 Northwest Freeway, Suite 220, Houston, Texas 77092. The funding would be used for flood damage reduction project wholly within Harris County that uses channelization to significantly reduce flood risks. Flood damage reduction is in the national interest by reducing loss of life, injury and property destruction and reducing emergency and recovery costs. Federal support is necessary because of the large costs associated with completion of the project. Sims Bayou is a federal flood control damage reduction project in the latter stages of construction and has been funded each year since 1994. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for the Update of the Lake Texoma Shoreline Management Plan in fiscal year 2009. The entity to receive this program is the U.S. Army Corps of Engineers, Tulsa District – Operation and Maintenance, the City of Denison and other entities will benefit from the update of the Shoreline Management Plan.

The City of Denison made an initial application for a lease for public park and recreational purposes with the United States Army Corps of Engineers on the Little Mineral East Cove adjacent to Lake Texoma. This land represents a significant economic development opportunity for the City of Denison, the County of Grayson, and the State of Texas due to the potential for investment, tourism attraction, and other public access benefits to the area. The proposal will attract significant investment in the community.

The land is currently owned and controlled by the U.S. Army Corps of Engineers. The Water Resources Development Act of 2007 mandated a transfer of the land to the City of Denison for fair market value. Because Lake Texoma is managed by the Army Corps, they have told the City that in order to approve access to the water for this project that the entire Lake Texoma Shoreline Management Plan must be updated at a cost of \$2.5 million but that it was not included in part of their O&M budget submission to Congress. According to the U.S. Army Corps of Engineers, the Lake Texoma Shoreline Management Plan was opened for a 30-day review in November, 2004, which resulted in the conclusion that a Final Environmental Impact Statement would be required. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

With kindest regards, I am

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for the Red River Chloride Control Project, TX & OK. The entity to receive this program is the Red River Authority of Texas and Lugert Altus Irrigation District.

This project is designed to control natural chloride brine emissions at three major source areas to improve water quality for municipal, industrial, and agricultural use. Improvements include construction of a low flow dams, pump stations, and diversion pipelines to Truscott Brine Dam. This project is a select major water strategy of the 2007 Texas Water Plan for the region and recently the state of Oklahoma expressed a renewed interest in the Area VI element of the project and supports the Area VI reevaluation efforts underway. Area VI is located on the Elm Fork of the North Fork of the Red River in Harmon County, Oklahoma. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Yakima River Basin Storage Feasibility Study in Fiscal Year 2009. The entity to receive funding for this project is the U.S. Bureau of Reclamation Pacific Northwest Regional Office located at 1150 North Curtis Road, Suite 100, Boise, Idaho. It is my understanding that the funding would be used for the completion of a study critical to the Yakima River Basin in Central Washington. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

A handwritten signature in black ink, appearing to read "Doc Hastings".

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Yakima River Basin Water Enhancement Project in Fiscal Year 2009. The entity to receive funding for this project is the U.S. Bureau of Reclamation Pacific Northwest Regional Office located at 115 North Curtis Road, Suite 100, Boise, Idaho 83706. It is my understanding that the funding would be used to improve water supply for irrigation and increase flows for fish. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Washington, DC 20515

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the NCS Sutter County, CA project in fiscal year 2009. The entity to receive funding for this project is the U.S. Army Corps of Engineers, Sacramento District located at 1325 J Street, Sacramento, CA 95814. The funding would be used to continue a feasibility study of Sutter County, CA levees.

Because I own property within Sutter County, I was not able to certify whether my property interests constituted a "financial interest" in this study within the context of the new earmark disclosure rules adopted last year. Therefore, I requested written guidance from the Committee on Standards of Official Conduct (Committee). The Committee's conclusion, which confirms that neither I nor my spouse has any financial interest in this project, is attached for your review.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that is either named or that will be named after a sitting member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

WALLY HERGER

Dear Colleague:

This responds to your letter of April 18, 2007 seeking confirmation from the Committee that you do not have a financial interest in an earmark you have requested. Based on your letter and the additional information your staff provided at Committee counsel's request, the background in this matter is as follows.

You recently submitted a number of earmark requests for flood control and water development projects in your congressional district. In particular, one request is for a \$2 million appropriation to complete a feasibility study and develop levee improvement alternatives for areas bound by the Sacramento and Feather Rivers in Sutter County, California. You submitted this request on behalf of the county and the City of Yuba City, California. According to your letter, "more than 65,000 Sutter County residents and over \$2 billion in property and infrastructure are protected by the levee system" in the county. You own a 200-acre ranch in Sutter County that is protected by the levees. The levees are not located on or adjacent to your property. The property includes a family-owned ranch and the operations for a propane gas company. You believe that any benefit to the property that may result because of the earmark request "would be 'remote' and speculative" and "would only be indirect, in the sense that [you] happen to be part of a much larger class of Sutter County citizens who would receive the benefit of enhanced flood protection."

As you know, House Rule 23, clause 17, part of the House Code of Official Conduct, requires that Members who request an earmark certify that the requesting Member (and the Member's spouse) "has no financial interest" in the earmark. On March 27, 2007, the Committee issued an advisory memorandum that describes the factors Members must consider when determining whether they have a financial interest in an earmark. The Committee stated that a financial interest will exist in an earmark when it would be reasonable to conclude that the provision would have a "direct and foreseeable effect on the pecuniary interest of the Member."

In the advisory memorandum, the Committee stated that an effect is foreseeable if it is "anticipated or predictable," and we cited 5 C.F.R. § 2640.103(a)(3), a regulation promulgated by the Office of Government Ethics, which defines a similar term,

The Honorable Wally Herger
April 26, 2007
Page 2

"predictable," as "a real, as opposed to a speculative, possibility that the matter will affect the financial interest." That regulation also defines the term "direct" as "a close causal link between any decision or action to be taken in the matter and any expected effect of the matter on the financial interest," and states that a "particular matter that has an effect on a financial interest only as a consequence of its effects on the general economy does not have a direct effect within the meaning of this part." For purposes of this response, we adopt that definition. Further, the Committee stated in the memorandum that a financial interest does not include a "remote, inconsequential, or speculative interest."

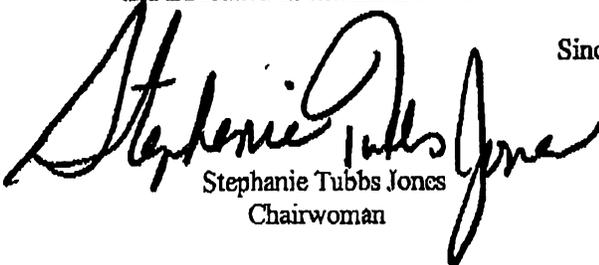

Determining whether an earmark would have a direct and foreseeable effect on a Member's financial interest in real estate, under the definitions set forth in the preceding paragraph, requires the consideration of a number of factors. Such factors may include, but are not limited to, the following:

- the value of the real estate;
- the proximity of the real estate to the area that would benefit from the earmark; and
- whether the real estate would be affected uniquely or as part of a class belonging to landowners in the area generally.

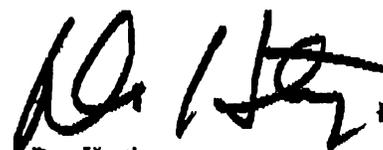

Furthermore, we recognize that Members typically own a personal residence or other types of property in their congressional district, and that one of a Member's principal responsibilities is to promote the interests of the district, including by seeking funding for roads, utilities, and other public works projects.

Based on the representations made to the Committee in this matter, we conclude that it is within your discretion for you to conclude that your ranch does not constitute a financial interest in the earmark you requested on behalf of Sutter County and the City of Yuba City. Of primary consideration here is that you are one of 65,000 county residents who are protected by the levee system in Sutter County. Furthermore, no specific information has been provided that would lead us to conclude that your financial interests would be affected in any direct manner, as defined above, if the feasibility study earmark is funded.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Stephanie Tubbs Jones
Chairwoman

Dear Mr. Chairman and Mr. Lewis:

I am requesting funding for the Culpepper Area Water System in the fiscal year 2009 Energy and Water Appropriations bill. The entity to receive funding for this project is Fayette County, 133 South Main Street, Suite 401, Washington Court House, Ohio 43160. The funding would be used to improve and expand the existing water system. I certify that neither my spouse nor I has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Mr. Chairman and Mr. Lewis:

I am requesting funding for Science Education Facility Renovations in the fiscal year 2009 Energy and Water Development Appropriations bill. The entity to receive funding for this project is the Ohio Christian University located at 1476 Lancaster Pike, Circleville, Ohio 43113. The funding would be used for science laboratories, classrooms, equipment, and online curriculum. I certify that neither my spouse nor I has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

DAVID L. HOBSON

The entity to receive funding for this project is the Detroit District of the U.S. Army Corps of Engineers, located at 477 Michigan Avenue, Detroit, Michigan, 48226-2550. The funding would be used for maintenance dredging. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Pete Hoekstra

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the U.S. Army Corps of Engineers' Operation and Maintenance Account entitled, "Missouri River, Rulo to Mouth, IA, NE, KS & MO" in fiscal year 2009. The entity to receive funding for this project is Kansas City District of the U.S. Army Corps of Engineers, located at 601 E 12th Street, Kansas City, MO 64106. The funding would be used to perform critical maintenance of navigation aides and before emergency dredging of the Missouri River. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Kenny Hulshof

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Upper Miss River - Illinois WW System, IL, IA, MN, MO & WI (also referred to as the Upper Mississippi River System (UMRS) Navigation and Ecosystem Sustainability Program (NESP)) in fiscal year 2009. The entity to receive funding for this project is Rock Island District of the U.S. Army Corps of Engineers, located at Clock Tower Building, P.O. Box 2004, Rock Island, IL 61204. The funding would be used to construct new 1,200-foot lock chambers, begin ecosystem restoration projects and complete small-scale navigation aids. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Upper Mississippi River Restoration IL, IA, MN, MO & WI (formerly known as the Environmental Management Program) in fiscal year 2009. The entity to receive funding for this project is Rock Island District of the U.S. Army Corps of Engineers, located at Clock Tower Building, P.O. Box 2004, Rock Island, IL 61204. The funding would be used to continue projects which are vital to the ecological restoration of the Upper Mississippi River, including island construction, habitat creation and long-term monitoring. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am respectfully requesting funding for the Salton Sea Research Project-New and Alamo Rivers Wetlands for Fiscal Year 2009. The entity to receive funding for this project is the Bureau of Reclamation, located at the Boulder Canyon Field Office, PO Box 61470, Boulder City, NV, 89006. The funding will be used for continued restoration efforts at the New and Alamo Rivers where two pilot wetlands have proven effective in removing raw sewage, silt and selenium, resulting in 90% cleanup and increased production of rich habitat for plants, fish and waterfowl. I certify that neither I, nor my spouse, have any financial interest in this project.

Consistent with the Republican Leadership's policy of earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by any entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Energy Efficiency and Renewable Energy account for Lake Land College in Mattoon, Illinois. The entity to receive funding for this project is Lake Land College at 5001 Lake Land Boulevard Mattoon, Illinois 61938. It is my understanding that the funding would be used to develop a campus-wide alternative energy plan to encompass the use of wind energy, geothermal, and photovoltaics. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Timothy V. Johnson

Dear Chairman Visclosky and Ranking Member Hobson,

I am requesting funding for the following three programs.

- \$4.0 million for technical assistance to Remedial Action Plans (RAP) Committees.
- \$6.25 million for the construction and operation of the electric dispersal barriers in the Chicago Sanitary & Ship Canal.
- \$4.5 million for construction of restoration projects under the Great Lakes Fishery & Ecosystem Restoration program.

These programs have a strong impact on my district and the Great Lakes States. The entities to receive funding for these projects include state governments and local agencies from the Great Lakes region. I certify that neither I nor my spouse has any financial interest in this project.

Respectfully,

Dear Mr. Chairman and Mr. Ranking Member:

As the committee continues its work on the Fiscal Year 2009 Energy and Water Development appropriations measure, I ask that you give every consideration to funding an important Section 205 flood control study in my congressional district.

The Fiscal Year 2008 Energy and Water bill included \$98,000 for the initiation of a feasibility study for the City of Findlay, Ohio, which recently saw three of its worst floods in history in a 13-month period. These floods devastated the city, causing significant financial damage to the downtown business district and displacing hundreds of residents. The city is fully prepared to provide matching funds for the completion of this feasibility study, for which I am requesting \$152,000 in federal funds in FY09.

To the best of my knowledge, this request is not directed to an entity or program that will be named for a sitting member of Congress, is not intended for use by an entity to secure funds for other entities, and meets or exceeds all statutory requirements for matching funds where applicable. I certify that my wife and I have no financial interest in this issue.

Should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of taxpayer funds for this project.

Thank you for your consideration of this request.

Sincerely,

Jim Jordan

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Energy and Water Appropriations bill, for Roberts Wesleyan College, Geothermal Energy Project, under the Department of Energy, Energy Efficiency, and Renewable Energy. The entity to receive funding for this project is Roberts Wesleyan College, 2301 Westside Drive, Rochester, NY, 14624. It is my understanding that the funding would be used to expand its ground source geothermal energy efficiency program on its campus. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Washington, DC 20515

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for flood control protection for the city of Meredosia, Illinois. The entity to receive funding is the Army Corps of Engineer (St. Louis).

The funding would be used to execute a feasibility cost-share agreement and complete a feasibility report.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Ray LaHood
Member of Congress

I am requesting funding for the Elliott Bay Seawall Feasibility Study in Seattle Washington for fiscal year 2009. The entity to receive funding for this project is both the City of Seattle and the U.S. Army Corps of Engineers, which are currently cost-sharing partners engaged in a Feasibility Phase Study of the Elliott Bay Seawall. The City of Seattle Mayors Office is located at Seattle City Hall, 7th Floor, 600 Fourth Avenue Seattle, Washington, 98124-4749. The U.S. Army Corps of Engineers Seattle Washington Civil Works Office is located at 4735 E. Marginal Way S., Seattle, WA 98124-2255

Funding would allow for a feasibility study of the Elliott Bay Seawall. The purpose of the study is to document the problems and opportunities associated with the seawall, formulate plans, and determine if there is a federal interest in a solution.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Iowa Lakes Community College Sustainable Energy Education Center in Fiscal Year 2009. The entity to receive funding for this project is Iowa Lakes Community College, located at 19 South 7th Street, Estherville, Ia. 51334. The funding will be used for expansion & renovation of a facility using a variety of state-of-the-art renewable technologies & 'green' building initiatives. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Tom Latham

Dear Friend:

I am requesting funding in the FY09 Energy and Water Appropriations bill, Bureau of Reclamation account for the Hi-Desert Water District. The entity to receive funding for this project is Hi-Desert Water District at 55439 29 Palms Highway, Yucca Valley, CA 92284. It is my understanding that the funding would be used to protect the groundwater quality of the area and provide reclaimed water to be used directly for irrigation and commercial purposes that are currently supplied by potable sources. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Great Egg Harbor to Peck Beach, NJ in fiscal year 2009. The entity to receive funding for this project is the Army Corps of engineers Philadelphia District, located at 100 Penn Square East, Philadelphia, PA 19107-3390. The funding would be used for scheduled periodic renourishment. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Guadalupe River in fiscal year 2009. The entity to receive funding for this project is the Santa Clara Valley Water District, located at 5750 Almaden Expressway, San Jose, CA 95118. The funding would be used for a flood protection project that extends through downtown San Jose from Interstate 880 to Interstate 280 and protects the area from \$576 million in damages from a one percent flood. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Zoe Lofgren

I am requesting funding in the FY09 Energy and Water Appropriations bill for the New Bridge Below Folsom Dam. The entity to receive funding for this project is City of Folsom at 50 Natoma St, Folsom, CA 95630. It is my understanding that the funding would be used to cover engineering, design, and construction of the new bridge below Folsom Dam as authorized in the Fiscal Year 2004 Energy & Water Appropriations Bill. Due to changes in the engineering on the part of U.S. Army Corps of Engineers, additional authorization commensurate with this funding request is necessary. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Appropriations bill for the South Sacramento Streams Group. The entity to receive funding for this project is Sacramento Area Flood Control Agency at 1007 7th St., 7th Floor, Sacramento, CA 98514. It is my understanding that the funding would be used to extend the project upstream along Elder Creek, Unionhouse Creek and construct levee improvements to 3300-feet of railroad embankment protecting several hundred homes. In addition, design efforts will continue so that construction can occur in 2010 further reducing flood risk to residences along the various streams. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Appropriations bill for the Sacramento River Bank Protection Project. The entity to receive funding for this project is Sacramento Area Flood Control Agency at 1007 7th St., 7th Floor, Sacramento, CA 98514. It is my understanding that the funding would be used to allow 5,000-7,000 feet of bank to be protected along the Sacramento River reducing flood risk to the area. Unless continued corrective measures are taken, levee failures may occur with resultant catastrophic damage and possible loss of many lives. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I

further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey,

I am requesting funding for the Eastern Santa Clara River Basin Perchlorate Remediation Initiative in Fiscal Year 2009. The entity to receive funding for this project is the Castaic Lake Water Agency, located at 27234 Bouquet Canyon Road, Santa Clarita, CA 91350. It is my understanding that the funding would be used for implementation of the cleanup of perchlorate groundwater contamination at the former Whittaker-Bermite site in the City of Santa Clarita. *I certify that neither I nor my spouse has any direct financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Bay Area Regional Water Recycling Program in fiscal year 2009.

The entity to receive funding for this project is:

Bay Area Clean Water Agencies (BACWA), located at 2500 Pittsburg-Antioch Highway, Antioch, CA 94509-1373.

These projects are part of the Bay Area Regional Water Recycling Program and will construct pipeline and related conveyance facilities to develop and expand the use of recycled water to augment surface water supplies, helping to preserve overdrawn river and groundwater supplies, protect the environment, and improve the overall security and reliability of the Area's urban water systems.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, US Army Corps of Engineers, Section 206 account for the U.S. Army Corps of Engineers Lower Monongahela Improvement Project, Locks and Dams 2, 3 & 4, Pennsylvania. The entity to receive funding for this project is the U.S. Army Corps of Engineers, Pittsburgh District at the Wm. S. Moorehead Federal Bldg. 100 Liberty Avenue, Room 1828 Pittsburgh, PA 15222. It is my understanding that the funding for this project will be used to address the deteriorated condition of the navigation facilities along the Lower Monongahela River. The project is to build a new Dam at 2 (Braddock), new locks at 4 (Charleroi) and then to remove the locks and Dam at 3 (Elizabeth), creating a single 30 mile pool. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am requesting funding for a Texas Tech University's Wind Science and Engineering (WISE) Research Center in fiscal year 2009. The entity to receive funding for this project is Texas Tech University located at 2500 Broadway, Lubbock, TX 79409.

I certify that neither I nor my spouse has any financial interest in this project. I also certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this request.

Dear Chairman and Ranking Member,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Department of Energy, Energy Efficiency and Renewable Energy Account, for the Initiative for Energy Technologies Research and Education at New Mexico State University. The entity to receive funding for is New Mexico State University P.O Box 30001, Las Cruces, New Mexico, 88003. It is my understanding that the funding would be used focus on Advanced Technologies in Renewable Energy, Distributed Generation and Micro-grids, and Education and Workforce Development. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

Thank you for your leadership on the Appropriations Committee.

I am requesting funding for the San Francisco Harbor project in fiscal year 2009. The entity to receive funding for this project is the US Army Corps of Engineers, San Francisco District, located at 1455 Market Street, San Francisco, CA 94103-1398, in cooperation with the San Francisco Department of Public Works, located at 30 Van Ness Ave 5th Floor, San Francisco, 94102. This funding would be used for maintenance dredging of various channels in San Francisco Bay, including a 55 foot depth for the San Francisco Bar Channel, to provide safe navigation for all vessel traffic in and out of the Bay. Included within this request are funds to continue and finalize economic, engineering and environmental studies necessary for federal cost sharing in placing dredged sediments along the eroded shores of Ocean Beach to protect critical municipal infrastructure, including a storm water treatment tunnel and ocean sewage outfall. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

As a Member of the Great Lakes Task Force, I am making a joint request for \$6.25 million in the FY09 Energy and Water Development Appropriations bill, Construction account for the Chicago Sanitary & Ship Canal. The entity to receive funding for this project is the U.S. Army Engineer District, Chicago, 111 North Canal Street, Suite 600, Chicago, Illinois 60606. It is my understanding that the funding would be used for the construction and operation of the electric dispersal barriers in the Canal. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Thomas E. Petri

Dear Chairman Obey and Ranking Member Lewis, Chairman Visclosky and Ranking Member Hobson,

I am requesting funding in the FY09 Energy and Water Appropriations bill, Department of Energy account, for the Sustainable Energy Research Center in Starkville, MS. The entity to receive funding for this project is located at MSU. It is my understanding that the funding would be used to develop sustainable energy resources for commercialization. I certify that this project does not have a direct and foreseeable effect on the pecuniary interest of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request 1) is not directed to an entity or programs that will be named after a sitting member of Congress; 2) is not intended to be used by an entity to secure funds for the other entities unless the use of funding is consistent with the specified purpose of the earmark; and 3) meets or exceeds all statutory requirements for the matching funds where applicable. Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding in the FY09 Energy and Water Appropriations bill, Army Corps of Engineers, General Investigations account. The entity to receive funding will be the U.S. Army Corps of Engineers Galveston District at 2000 Fort Point Road, P.O. Box 1229, Galveston, TX 77553. The local sponsor is the Sabine-Neches Navigation District, located at 2348 Highway 69 N., Nederland, TX 77627-8874. The funds would complete the feasibility study phase of deepening and widening the Sabine-Neches Waterway and begin the Planning, Engineering, and Design (PED) phase of the General Investigation of deepening and widening the waterway. *I certify that neither I nor my spouse has any financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding in the FY09 Energy and Water Appropriations bill. The entity to receive funding will be the Center for Clean Fuels and Power Generation (CFPG) at the University of Houston, located at 4800 Calhoun Road, Houston, Texas. The funds would be used to focus on the synthesis and development of clean and sustainable fuels, their combustion for efficient generation of portable power, and their exhaust after-treatment for minimal impact on the environment. CFPG is one component of a diverse portfolio of programs focused on energy at University of Houston, which is strategically located in a vast regional petrochemical complex and port system, as well as the center of the international energy industry. *I certify that neither I nor my spouse has any financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding in the FY09 Energy and Water Appropriations bill, Army Corps of Engineers Account. The entity to receive funding will be the Chambers-Liberty Counties Navigation District, located at 207 Miller Street, Annuac, Texas 77514. The funds would be used for operations and maintenance of the Trinity River Project, a 47 mile shallow draft waterway. The funds would be used for shallow draft barge access to support the current industrial residents at the Port of Liberty and to attract new ones. The combination of rail and barge traffic at the Port of Liberty creates a powerful synergy to propel the economic development of the primary rural community. *I certify that neither I nor my spouse has any financial interest in this project.*

Re: Pick-Sloan Missouri Basin-Garrison Diversion

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Pick-Sloan Missouri Basin-Garrison Diversion project in fiscal year 2009. The entity to receive funding for this project is the United States Bureau of Reclamation located at the United States Bureau of Reclamation Great Plains Regional Office, P.O. Box 36900, Billings, MT 59107. The Pick-Sloan Missouri Basin-Garrison Diversion project is a rural water project specifically authorized to compensate North Dakota for the loss of more than 500,000 acres of land inundated due to the construction of the dams along the Missouri River. The project was reauthorized in 2000 with the enactment of the Dakota Water Resources Act to meet our state's contemporary water needs. Through the funds provided for the Pick-Sloan Missouri Basin-Garrison Diversion project, we have been able to provide safe and affordable water to thousands of people. One project that is funded through Pick-Sloan Missouri Basin-Garrison Diversion is the Northwest Area Water Supply (NAWS). NAWS will deliver a quality water supply to more than 60,000 users in a 10-county area in the northwestern part of the state. I certify that I do not have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Department of Energy and Water Development and Related Agencies Appropriations bill, Energy Efficiency and Renewable Energy-Solar Energy account for \$5,000,000.00. The entity to receive funding for this project is the Clark County School District at 5100 West Sahara Ave. Las Vegas, NV 89146. It is my understanding that the funding would be used for a Solar Lighting Demonstration Project.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

JON C. PORTER

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Marlboro Township Sanitary Sewer System. The entity to receive funding for this project is Marlboro Township, at 7344 Edison St, NW, Hartville, OH 44632. It is my understanding that the funding would be used to replace a failing storm sewer system that was installed by the Federal Government in the 1940s. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

Sincerely,

The Honorable Jerry Lewis, Ranking Member
House Appropriations Committee

Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Subcommittee Appropriations bill, Energy and Water, for the City of Flagstaff, Arizona. The entity to receive funding for this project is the City of Flagstaff located at 211 West Aspen Ave., Flagstaff, Arizona, 86001. The funding would principally go to fund the construction of the second phase of the Rio de Flag Flood Control Project. Over one-half of Flagstaff's population of 61,000 would be directly affected and impacted in a large flood, which could result in inundation damages to approximately 1,500 structures valued at over \$395,000,000 (October 1999 price levels). A single 100-year flood event would cause an estimated \$93,000,000 (October 1999 price levels) in economic damages.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Rick Renzi

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY09 Subcommittee Appropriations bill, Energy and Water, for the Little Colorado River Watershed for a Reconnaissance Study that includes a scope of work for the Feasibility Study of the Winslow Levee Rehabilitation Project in Winslow, Arizona. The entity to receive funding for this project is the Army Corps of Engineers, Plan Formulation Branch Planning Division Office, located at 915 Wilshire Blvd., Suite 980, Los Angeles, CA 90017. The funding would principally go to rehabilitate a 7.2 mile flood control levee located along the Little Colorado River near Winslow, Arizona. This levee was rebuilt 15 years ago to provide 100-year flood protection for parts of Winslow and the surrounding unincorporated areas. At that time, the levee met all Federal Emergency Management Agency requirements for 100-year flood protection, and was certified as such.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for the Nueces River and Tributaries in fiscal year 2009. The entity to receive funding for this project is the San Antonio Water System Nueces River Authority located in Texas. The funding would be used to study the complex relationships between surface water, groundwater and the varying ecosystems and communities dependent on such water. The scope of this multi-purpose feasibility study represents a holistic approach to addressing ecosystem restoration, flood control, aquifer recharge, water supply, water quality, brush management, and overall watershed resource management. I certify that neither I nor my spouse has any financial interest in this project.

It is my understanding that the funding would be used for research and commercialization for clean energy, national energy security, and a cleaner environment. I certify that I do not have any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY2009 Energy and Water Appropriations bill, U.S. Army Corps of Engineers, Construction Account for the Upper Newport Bay, CA restoration project. The requesting entity is the County of Orange, California, Watershed and Coastal Resources Division 300 North Flower Street, Santa Ana, CA 92702. It is my understanding that the funding would be used to complete the restoration of the Upper Newport Bay being conducted by the U.S. Army Corps of Engineers. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for The Orange County Regional Water Reclamation Project in fiscal year 2009. The entity to receive funding for this project is the Orange County Water District, located at 18700 Ward Street, Fountain Valley, CA 92708. The funding would be used for the project which takes 70 million gallons of treated sewer water per day and puts it through an advanced purification process to create a new, reliable, and high quality water source. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Loretta Sanchez

Dear Chairman Obey and Jerry Lewis,

I am requesting funding for the Raymond Basin, Six Basins, Chino Basin, and San Gabriel Basin, California in Fiscal Year 2009. The entity to receive funding for this project is Raymond Basin Management Board located at 725 North Azusa Avenue, Azusa, CA 91702. Funding would be used to bring surplus seasonal water into local groundwater basins, replenish diminished supplies, utilize available groundwater storage and enhance the efficiency and reliability of regional raw water delivery systems. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

I am requesting funding for the Combined Sewer Overflow Project. The entity to receive funding for this project is the City of Richmond, whose offices are located at City of Richmond, Department of Public Utilities, 730 East Broad Street, Richmond, Virginia 23219. The funding will be used by the City to separate its combined sewer overflow systems, and thereby control the discharge of pollutants and improve the water quality in the James River. Currently, rainfall events over the City of Richmond may result in the release of untreated sewage into the James River. This is a project initiated in compliance with the U.S. Environmental Protection Agency's Combined Sewer Overflow Control Policy and the Clean Water Act of 2000. I certify that I have no financial interest in this project.

The entity to receive funding for this project is Prince George County, whose offices are located at 6602 Courts Drive, Prince George, Virginia 23875. The funding will be used by the County to dredge a navigation channel that connects the harbor in St. Petersburg, VA with the Appottomax River. Without dredging, the navigation channel will silt in and choke off the navigability of the Appottomax River, thereby isolating the harbor from points downstream. However, if the Appottomax River is restored to being fully navigable, the River will serve as a catalyst for the commercial and residential revitalization of historic downtown St. Petersburg. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Chesapeake Bay Oyster Recovery, MD & VA. The entity to receive funding for this project is the Department of Environmental Quality located at 629 East Main Street, P.O. Box 1105, Richmond, VA 23218. The funding will be used to restore oyster populations in the Chesapeake Bay. Project elements include; development of decision documents, construction and rehabilitation of oyster reefs to create sanctuaries and spat oysters for seeding, planting of disease tolerant spat and brood-stock oysters in locations which best foster oyster reproduction and health. I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the James River Channel. The entity to receive funding for this project is the Port of Richmond, Virginia located at 5000 Deepwater Terminal Rd Richmond, VA 23234. The funding will be used by the Corps to dredge various shoals in order to maintain unrestricted deep draft commercial navigation in a dredging project that covers approximately 90 miles from Hampton Roads, VA to Richmond, VA. This project will be maintained annually at different locations. In fact, higher than normal shoaling in this channel recently forced the Virginia Pilots Association to impose a draft restriction on vessels transiting these waters. I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

For the FY09 Energy and Water Appropriations legislation, I am requesting for:

City of Dallas, 1500 Marilla 4EN, Dallas, Texas 75201

It is my understanding that the funding would build on prior flood protection efforts by the City and the Corps. The proposed improvements will increase the level of protection of the Dallas Floodway levee system to the Standard Project Flood or 800-year event. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress or was named after a former Representative in a prior Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

In the FY09 Energy and Water Appropriations legislation, I am requesting for:

Southern Methodist University, 6425 Boaz, Room 205, Dallas, Texas 75275

It is my understanding that the funding is for an Advanced Parallel Processing Center at SMU that will enable the university community to access data from other research centers, like the Cern Large Hadron Collider. This data can be used to study a variety of fields, including medicine, energy and banking. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress or was named after a former Representative in a prior Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Madison and St. Clair Counties, Illinois in fiscal year 2009. The project authority covers communities in Madison and St. Clair Counties, Illinois, including East St. Louis, Belleville, Glen Carbon, Maryville, and Collinsville. The communities of the region rely heavily on combined sewer systems, some of which exceed 100 years of performance. Problems created by this compromised infrastructure impact the health, water quality, and economic development potential of the area. The funding can be used to initiate design work for the Maryville, Illinois, project. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress, (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obcy and Ranking Member Lewis:

I am requesting funding for the **Carlyle Lake** in fiscal year 2009. The Lake is located in Carlyle, Illinois. Portions of the project area are situated in Clinton, Fayette, Bond, and Marion Counties. Carlyle Lake is the largest man-made lake in Illinois, with over 26,000 acres of water and 11,000 acres of public land. This lake provides flood control, water quality control, and water supply to nearby communities; recreation; fish and wildlife conservation; and is authorized to augment navigation flows downstream on the Kaskaskia River. The lake offers 3 marinas, 18 public boat ramps, a sailboat harbor, 4 beaches, 5 campgrounds, and a visitor center; numerous outlying areas provide a variety of opportunities for outdoor enthusiasts. The Project includes a State Resort with hotel, cabins, restaurant and conference center and two State Parks, one of which offers overnight cottages, a swimming pool, and a restaurant/store. Large sub-impoundment dams, managed by the Illinois Department of Natural Resources, are located at the northern end of the lake and are flooded each fall, providing excellent hunting opportunities. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Rend Lake in fiscal year 2009. The project is located near Benton, Illinois, in Franklin and Jefferson Counties. The funding would be used to provide flood control, water supply, recreation, conservation of fish and wildlife, and area redevelopment. The earth fill dam with an un-gated main and auxiliary spillway provides the necessary features to create Rend Lake and support the project's purposes. The earth dam is located on the Big Muddy River at mile 103.7 and two sub-impoundment dams are located on the upper arms of the lake. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Chain of Rocks Levee in fiscal year 2009. This entity is located in Madison County, Illinois, in the vicinity of Granite City and East St. Louis. Funding for this project will go to develop the correct design deficiencies and assure that the Chain of Rocks levee will withstand a 500-year flood. The deficiency correction includes the installation of relief wells, construction of levee berms, a pump station, relocations, and mitigation. The levee protects a major urban area. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. March 19, 2008

The Honorable David Obey, Chairman
House Appropriations Committee
H-218 U.S. Capitol
Washington, D.C. 20515

The Honorable Jerry Lewis, Ranking Member
House Appropriations Committee
1016 Longworth
Washington, DC 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Wood River Levee** in fiscal year 2009. The project area is located in the Mississippi River flood plain of Madison County, Illinois, upstream of the city of East St. Louis. An urban design levee, authorized in 1938 and constructed in the 1950s, protects the area. The proposed project includes replacing 163 of 170 existing relief wells and installing 60 new relief wells as a deficiency correction under the existing project authorization. Additional reconstruction/replacement is proposed for various components of 26 closure structures, 38 gravity drains, and 7 pump stations. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the East St. Louis in fiscal year 2009. The project is located in St. Clair and Madison Counties, Illinois, along the left bank of the Mississippi River between river miles 175 and 195 above the Ohio River. The project provides flood protection to 200,000 residents and over \$1 billion in economic value. The flood control project is aged and requires rehabilitation to provide a thorough level of protection. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Prairie DuPont Levee** in fiscal year 2009. The study area is located on the east bank of the Mississippi River between river miles 166 and 175 above the Ohio River in St. Clair and Monroe Counties, Illinois, across from St. Louis County, Missouri. The funding will go towards a deficiency correction study to investigate solutions such as rehabilitation/replacement of existing relief wells and the construction of additional relief wells. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. RE: South Central Pennsylvania Environmental Improvement Program

Dear Chairman Obey and Ranking Member Lewis:

I am contacting you in compliance with Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the rules of the House of Representatives for the 110th Congress. In the Fiscal Year (FY) 2009 Energy and Water Development Appropriations bill, I am requesting funding for the South Central Pennsylvania Environmental Improvement Program. The entity to receive funding for this project is the US Army Corps of Engineers – Baltimore District, located at 10 South Howard Street, Baltimore, MD 21201.

It is my understanding that funding for this project will provide design and construction assistance for water-related environmental infrastructure and resource protection and development projects in South Central Pennsylvania. The program provides the funding necessary for local communities to install basic sewer and water systems and is a key aspect of building and enhancing infrastructure for many rural communities in Pennsylvania. To the best of my knowledge, I certify that neither I nor my spouse has any direct or foreseeable financial interest in this project, which I define as "direct personal or pecuniary interest" under Clause 1 of House Rule III.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

RE: Juniata Hybrid Locomotive

Dear Chairman Obey and Ranking Member Lewis:

I am contacting you in compliance with Clause 9 of Rule XXI and Clause 17 of Rule XXIII of the rules of the House of Representatives for the 110th Congress. In the Fiscal Year (FY) 2009 Energy and Water Development Appropriations bill, I am requesting funding for the Juniata Hybrid Locomotive project. The entity to receive funding is Penn State University located at 304 Old Main, University Park, PA 16802.

It is my understanding that funding for this project will be used to assess and develop technological alternatives to diesel locomotives and to develop a more energy efficient and environmentally friendly locomotive for yard, local, and main line applications. To the best of my knowledge, I certify that neither I nor my spouse has any direct or foreseeable financial interest in this project, which I define as "direct personal or pecuniary interest" under Clause 1 of House Rule III.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Puget Sound Nearshore Marine Habitat Restoration in fiscal year 2009. The entity to receive funding for this project is the Army Corps of Engineers, located at Seattle District. The funding would be used for The Puget Sound Nearshore Ecosystem Restoration is a cooperative project of the U.S. Army Corps of Engineers, other federal agencies and local sponsors that include state agencies, tribes, industries and conservation organizations. The purpose of the feasibility study is to evaluate the factors that are causing habitat decline and pollution in the Puget Sound Basin; formulate, evaluate and screen potential solutions to these problems; and recommend a series of actions and projects. The study will look for projects with both a federal interest and support from communities that are willing to invest in addressing local habitat and pollution problems. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Jacksonville Harbor channel dredging in fiscal year 2009. The entity to receive funding for this project is Jacksonville Port Authority, located at P.O. Box 3005, 813 Talleyrand Avenue Jacksonville, FL 32206-0005. The funding would be used for Corps of Engineers Phase II dredging of the federal shipping channel to the Talleyrand Terminal. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge the request (1) is not directed to an entity or program that will be named after a sitting member of congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Chatfield, Cherry Creek and Bear Creek Reservoirs General Investigations Study in fiscal 2009 (Energy & Water Appropriations). The entity to receive funding for this project is the State of Colorado, Colorado Conservation Board, 1313 Sherman Street, Room 721, Denver, Colorado 80203. The funding would be used to continue a flood control and water storage study crucial to completion of the Feasibility Report and Environmental Impact Statement for the Chatfield Reservoir Reallocation Project.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

I am requesting funding for the Development of Toroidal Core Transformers Project in fiscal year 2009. The entity to receive funding for this project is Polytechnic University of New York, located at 6 Metrotech Center Brooklyn, NY 11201. The funding would be used to design and implement an alternative transformer construction using a core made of a continuous steel strip shaped like a doughnut (toroid). This gapless construction allows smaller, more efficient, lighter, and cooler transformers. The no-load losses are substantially reduced. There are also savings in the load losses because the windings have fewer turns since these transformers can be designed with a larger flux density. I certify that neither I nor my spouse has any financial interest in this project.

Room 2362-B Rayburn House Office Building
Washington, DC 20515

Dear Chairman Visclosky:

I am requesting funding for the Miamisburg Mound Cleanup Project in fiscal year 2009. The entity to receive funding for this project is the City of Miamisburg, Ohio, located at 10 N. First Street, Miamisburg, OH 45342. Funds for this project will go toward the final cleanup of a non-designed toxic waste landfill, the cleanup of which will allow for the full redevelopment of this former Department of Energy Nuclear Weapons Site. I certify that neither I nor my spouse has any financial interest in this project.

Additionally, consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Visclosky:

I am requesting funding for the Wastewater Infrastructure Improvements, Hillsboro, OH project in fiscal year 2009. The entity to receive funding for this project is the city of Hillsboro, Ohio, located at 130 N. High St., Hillsboro, Ohio 44133. The funds requested would be used by Hillsboro, Ohio, located in rural Highland County for the construction of needed improvements to their wastewater treatment plant and the installation of additional equalization basins. Funds will also be used to upgrade aging water infrastructure for the treatment of waste. I certify that neither I nor my spouse has any financial interest in this project.

Additionally, consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I am requesting funding in the FY09 Subcommittee on Energy and Water Development Bill, Army Corps of Engineers—Operations and Maintenance account for the St. Joseph Harbor O&M Dredging. The entity to receive funding for this project is Berrien County, Michigan. It is my understanding that the funding would be used for dredging of the inner and outer harbors, as well as the turning basin. *I certify that neither I nor my spouse has any direct financial interest in this project.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am requesting funding for the Anacostia River and Tributaries Watershed Restoration Plan in fiscal year 2009. The intended recipient is Montgomery County, Maryland, located at the Executive Office Building, 101 Monroe Street, 2nd Floor, Rockville, MD 20850. This project will fund a watershed feasibility study to compile existing watershed data, identify degraded stream conditions in the Anacostia River and identify potential problem solutions. It will identify problem areas including unstable and eroding stream banks, poor fish habitat and fish blockages, and poor stream buffer conditions (lack of forests and wetlands along the stream). The problems will be ranked and potential solutions identified. The resulting inventory of potential restoration projects will be implemented by the Corps of Engineers and/or Montgomery County, Prince Georges County and the District of Columbia. on Energy and Water Development
Room 2362-B RHOB
Washington, DC 20515

Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding for the Middle Potomac Watershed, Great Seneca Creek and Muddy Branch, MD project in fiscal year 2009. The intended recipient is Montgomery County, Maryland, located at the Executive Office Building, 101 Monroe Street, 2nd Floor, Rockville, MD 20850. This watershed feasibility study will identify degraded stream conditions in Great Seneca Creek and Muddy Branch and the feasibility of corrective solutions. The study will identify problem areas including unstable and eroding stream banks, poor fish habitat, and poor stream buffer conditions (lack of forests and wetlands along the stream). The problems will be ranked and potential solutions identified. The highest ranked group of projects will have concept designs developed and the feasibility of the potential projects evaluated. The resulting inventory of potential restoration projects will be implemented by the Corps of Engineers and/or Montgomery County... I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

CHRIS VAN HOLLEN

Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding for the Anacostia River and Tributaries, MD and DC-Phase I project in fiscal year 2009. The intended recipient is the Army Corps of Engineers, Baltimore. A 1991 reconnaissance report conducted by the Corps determined that Federal actions related to navigation and flood control directly degraded more than 2,600 acres of wetland, 500 acres of aquatic habitat, and 800 acres of bottomland hardwoods. Subsequently, a feasibility study was conducted and completed in 1994 and recommended 13 sites for environmental restoration. Construction has been completed at 10 of these sites, and project sponsors have decided not to pursue two of the sites. With FY09 optimum funding of \$30,000, the project final accounting will be completed. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Visclosky and Ranking Member Hobson:

I am requesting funding for the Anaerobic Digester and Combined Heat Power Project in fiscal year 2009. The intended recipient is the Washington Suburban Sanitary Commission, located at 14501 Sweitzer Lane, Laurel, Maryland 20707. The purpose of this study is to determine the technical and economic feasibility of adding anaerobic digestion and combined heat power (CHP) to the Seneca and Piscataway Wastewater Treatment Plants. Anaerobic digestion is a biological process that uses wastewater treatment bi-products to produce gas principally composed of methane (CH₄) and carbon dioxide (CO₂), otherwise known as biogas. The biogas, in turn, serves as the fuel source to operate a CHP fuel cell that produces clean, renewable electricity. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Visclosky & Ranking Member Hobson:

I am requesting funding for the U.S. Army Corps of Engineers in fiscal year 2009. The U.S. Army Corps of Engineers is located at U.S. Army Engineer District, Chicago, 111 North Canal Street, Suite 600, Chicago, IL 60606-7206. The funding for this project will pay for a temporary dispersal barrier (Barrier I) currently operating for nearly six years, and the construction of a permanent barrier (Barrier II) with completion planned for this year. Furthermore, I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

The entity to receive funding for this project is U.S. Army Corps of Engineers, located at PO Box 2946, CENPP-PM, Portland, OR 97208-2946. The funding would be used for allowing the Corps to complete all of the dredging and environmental features of the Columbia River deep-draft navigation channel to a new depth of 43-feet. The channel deepening is economically vital to the Nation and to the Pacific Northwest because each year, \$16 billion in exports and imports are transported via the Columbia River. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; and (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for Columbia River Treaty Fishing Access Sites, OR & WA (Celilo Village) in fiscal year 2009. The entity to receive funding for this project is US Army Corps of Engineers, Portland District, located at PO Box 2946, Portland, OR 97208. The funding would be used for redevelopment and improvement of Celilo Village. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; and (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark. Should funding be provided to this entity, I will ask them to certify their intent to comply with all statutory obligations. Should this request be included in the bill, I will place a statement in the *Congressional Record* describing the entity's plan for how the money will be spent and their justification for the use of federal taxpayer funds.

Sincerely,

Greg Walden

Dear Chairman Visclosky and Ranking Member Hobson,

I am requesting funding for the Brevard County Shore Protection Project in fiscal year 2009. The entity to receive funding for this project is Brevard County, Florida, located at 2725 Judge Fran Jamieson Way, Building A-219, Viera, FL 32941. The funding would be used for providing storm damage reduction and hurricane protection for critically eroded stretches of Brevard County. The local and state government sponsor will be providing the bulk of the funding for this project, and the federal funding will only serve as a matching fund.

I certify that neither my spouse nor I have any financial interest in this project.

Dear Chairman Visclosky and Ranking Member Hobson,

I am requesting funding for the Canaveral Harbor Project in fiscal year 2009. The entity to receive funding for this project is Canaveral Port Authority, located at 445 Challenger Road, Cape Canaveral, FL 32920. The funding would be used for maintenance dredging of the Federal navigation channels and basins and the Federal canal and lock that connect the navigation channels with the Atlantic Intracoastal Waterway that serve NASA, as well as the maintenance dredging of the West Turning Basin to a depth of 35 feet pursuant to Section 5001 of WRDA 2007. The deepening of the West Turning basin will help ensure that the nation's second busiest Atlantic coast cruise ship port will be able to accommodate the deeper draft vessels coming on board.

I certify that neither my spouse nor I have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, Department of Energy, Energy Efficiency and Renewable Energy account for Illinois State University. The entity to receive funding for this project is Illinois State University located at Campus Box 3040, Normal, Illinois 61790-3040. It is my understanding that the funding would be used to generate renewable energy through a coordinated approach of utilizing rural municipal waste water to produce biomass that will be blended with dairy manure in a methane digester to produce methane gas, which will be used to generate green energy. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Energy and Water Development Appropriations bill, United States Army Corp of Engineers, Construction account for the Upper Miss River - Illinois WW System, IL, IA, MN, MO & WI. The entity to receive funding for this project is US Army Corps of Engineers, Rock Island District, Clock Tower Building, P.O. Box 2004, Rock Island, Illinois 61204-2004. It is my understanding that the funding would provide for the first phases of construction of new 1,200 foot lock chambers at L/Ds 20, 21, 22, 24, 25, LaGrange and Peoria; implement small-scale navigation aids; and begin ecosystem restoration projects along the Mississippi River and Illinois Waterway. I am requesting funding for the Acequias Irrigation System project in New Mexico. This project would continue a statewide program to design and construct five rehabilitation projects to include protection and restoration of interconnection of canals with rivers. I certify that neither I, nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress, (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Mr. Chairman and Mr. Lewis:

This is to request \$12,000,000 in funding in the Fiscal Year 2009 Energy and Water Appropriations Bill, Army Corps of Engineers, Construction account. The entity that will receive funding under this request is the Pinellas County Board of County Commissioners, located at 315 Court Street, Clearwater, FL 33756. It is my understanding that the funding will be used for beach renourishment and restoration at Treasure Island and Long Key beaches to provide for storm protection and recreation. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

It is my understanding that the funding will be used for the construction of a regional facility for the demonstration of green building techniques, alternative energy initiatives and technologies, and reduced energy consumption. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

With best wishes and personal regards, I am

Very truly yours,
