

PRESIDENT TRUMP'S DIRTY DOZEN

WORST CUTS IN TRUMP'S FY21 BUDGET

Limits lifesaving medical research

Cuts lifesaving medical research programs at the National Institutes of Health by \$3.3 billion, and reduces funding for the Centers for Disease Control and Prevention by \$678 million.

Reduces funding for education

Imposes an 8.5 percent cut on Department of Education resources, a total cut of \$6.2 billion, including the elimination of funding for after school programs.

Divests in infrastructure

Reduces funding for the Army Corps of Engineers, which fixes our nation's crumbling water infrastructure, by \$1.7 billion.

Hurts U.S. manufacturers

Zeroes out funding for the Manufacturing Extension Partnership program, hurting the ability of small- and medium-sized U.S. manufacturers to grow and create jobs.

Hinders economic growth

Eliminates funding for Economic Development Administration grants, harming economic growth, innovation, and U.S. competitiveness.

Slashes climate research

Eliminates NOAA's Climate Competitive Research program, reducing support for high-priority climate science and adaptation efforts.

Threatens terrorism and disaster preparedness

Cuts FEMA federal assistance, primarily state and local grants critical for terrorism and disaster preparedness, by \$746.9 million.

Cuts community development

Eliminates the Community Development Block Grant, making it harder for communities to address needs like safe housing, economic opportunities, and public facility improvements.

Reduces access to affordable housing

Eliminates the HOME program, making it harder for low-income Americans to access affordable housing opportunities.

Reduces rural broadband

Reduces the Department of Agriculture's rural broadband programs by \$305 million, making it harder for rural communities to connect to the 21st century economy.

Eliminates transformational energy investments

Zeroes out the Department of Energy's Advanced Research Projects Agency-Energy and slashes the Energy Efficiency and Renewable Energy program by \$2.1 billion, undermining clean energy technology.

Cuts funding for small businesses

Slashes funding for Small Business Administration Entrepreneurial Development Grants, by \$93 million, making it harder for small businesses to grow and compete.
