COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES APPROPRIATIONS ACT, 2025

The Commerce, Justice, Science, and Related Agencies Appropriations Act provides a total discretionary allocation of $78.288 billion, which is effectively $1.275 billion (2%) below the Fiscal Year 2024 spending level.

The bill provides a non-defense discretionary total of $71.932 billion and a defense discretionary total of $6.356 billion.

The bill reins in the Washington bureaucracy by rightsizing agencies and programs and directs funding to support the fight against fentanyl, state and local law enforcement, and efforts to counter the People’s Republic of China.

Importantly, the bill utilizes the power of the purse to address the weaponization of the Federal Bureau of Investigation (FBI) and bring an end to the overreach of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
