NATIONAL SECURITY, DEPARTMENT OF STATE, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2026

The National Security, Department of State, and Related Programs (NSRP) Appropriations Act provides a total discretionary allocation of \$46.218 billion, which is \$13.13 billion (22%) below the Fiscal Year 2025 enacted level, \$5.5 billion below the House-passed FY25 NSRP bill, and delivers on the America First agenda.

Within the total cuts, the NSRP bill maintains robust funding for our allies like Israel, Jordan, Egypt, and Taiwan, and counters adversaries like the Communist People’s Republic of China, Iran, Venezuela, Cuba, and drug cartels – including those designated as Foreign Terrorist Organizations. The bill supports the President’s vision to refocus and realign foreign policy to make America safer, stronger, and more prosperous, while ensuring all funds are spent in a manner consistent with relevant executive orders.
