NATIONAL SECURITY, DEPARTMENT OF STATE, AND RELATED PROGRAMS APPROPRIATIONS BILL, 2027

The National Security, Department of State, and Related Programs (NSRP) Appropriations Bill provides a total discretionary allocation of \$47.32 billion, which is \$2.69 billion (6%) below the Fiscal Year 2026 enacted level, and reflects priorities of the America First agenda.

Within the total cuts, the NSRP bill maintains robust funding for our allies like Israel, Jordan, Egypt, and Taiwan and counters adversaries such as the Communist People's Republic of China (PRC), Iran, Cuba, and drug cartels – including those designated as Foreign Terrorist Organizations. The bill supports the President's vision to refocus and realign foreign policy to make America safer, stronger, and more prosperous, while ensuring all funds are spent in a manner consistent with relevant executive orders.
