**Port Infrastructure Development Program
Department of Transportation (DOT)
Guidelines and Requirements for Appropriations Submissions**

**Database opens March 10, 2023
Member Request deadline is 6:00 PM, March 31, 2023
Members must post CPF requests on their websites on April 17, 2023**

Port Infrastructure Development Program projects are projects eligible under Section 54301 of title 46, United States Code, as amended by title XXXV of division C of the National Defense Authorization Act for Fiscal Year 2022.

The Subcommittee will only fund projects that meet eligibility criteria and will be administered by eligible applicants, as described by statute. As a reminder, funding may not be directed to for-profit recipients. Due to the limited amount of total CPF funding, priority will be given to projects at small inland river and coastal ports and terminals, as described in 46 U.S.C. 54301(b), and to discrete, smaller-scale projects at larger ports and intermodal connections to ports.

This program has a statutory non-Federal matching requirement, with potential exceptions for small and rural area ports. Applicants should review 46 USC sections 54301(a)(8) and 54301(b) for more information on these cost-share requirements before submitting requests for funding. Note that recipients are also required to comply with reviews and audits from the Department of Transportation.

Additionally, these projects may be subject to various Federal requirements such as Buy America and the National Environmental Policy Act. The Committee strongly encourages Members' offices and potential funding recipients to reach out to their local port authorities and the Maritime Administration's [Gateway Offices](#) to help determine the eligibility and viability of projects.

For each Port Infrastructure Development Program project request, Members will need to provide specific information through the electronic submission process. The database will include the questions below to assist the Subcommittee in vetting and selecting projects.

Demonstration of Community Support:

Demonstration of community support for a project is crucial for determining whether it should receive funding. Projects must have substantial evidence of community support to be considered for funding. Community support documentation can include: letters from elected officials and community groups, local transportation or community development plans, publications (including news articles), and any other documents that demonstrate public support for the project.

**Community Project Funding questions in the database for Port Infrastructure
Development Projects:**

- 1. Project Name.** A short name by which the project may be identified, including a very brief description of what the funds will be used for and the project's location (city, county, State, Tribe, Congressional District).
EXAMPLE: Terminal 2 Expansion and Emissions Reduction Project, City, State, Congressional District.
NOTE: The project name and location will be used to list the project in the House Report and should be as accurate as possible to ensure that the funding goes to the correct project and location. Any changes after enactment will require additional legislative actions.
- 2. General description and benefits of the project and why it is needed.**
- 3. Amount requested for the project.**
- 4. Total project cost.**
- 5. Who is the recipient? Provide a website address if available.**
- 6. Is the project at a small port, as described under 46 USC 54301(b)?**
- 7. Is the project in a rural area, as described under 46 USC 54301(a)(12) – an area that is outside of a Census-designated urbanized area?**
- 8. Estimated start and completion dates.**
- 9. Has the request been submitted to a federal agency for non-earmarked funds, or to another Subcommittee or Committee this fiscal year? If yes, which one(s)?**
- 10. Please provide a history of federal funding for the project, if any.**
- 11. Does the project have other public (state, local) and/or private funds committed to meet match or cost-share requirements? If so, what is the source and amount of those funds?**
- 12. If the request does not fully fund the project, describe where the remaining funding comes from to complete the project.**
